

Kona

Dare to be different.

Sometimes the best moments are the ones where the world doesn't shape us – but we shape it.

A dynamic combination of style and performance featuring the finest cutting-edge technology, this SUV deserves a closer look.

That's the essence of You drive it. You define it – and the spirit of KONA.

You drive it. You define it.

Real style is a matter of being yourself on purpose. Like the all-new KONA. Distinctive and individual, its uniquely confident look sets it apart from every SUV in the class. Because we don't really see the fun in more of the same.

Go on, live a little. You are the driver of your life.

You shine it.

Sometimes it's good to head in a new direction. At the front, the twin headlight design with LED daytime running lights creates an unmistakable front light signature. For maximum vision, the full-LED headlamps feature Static Bending Light and Smart High Beam for more safety and less stress. This cutting-edge lighting technology makes looking on the bright side easier – and better looking than ever before.

You style it.

Combining sculpted lines with a stylish edge, the all-new KONA is expressive from every angle. Muscular surfaces flow into the distinctive high-contrast fender cladding, highlighting the bold SUV design. Firmly planted with a strong stance and sporty 18" alloy wheels, the KONA's two-tone roof and exterior mirrors also give you the possibility to customise colour combinations to fit your personal style.

You match it.

It's the attention to detail that makes the all-new KONA so special.

Discover an exceptional level of comfort with high quality materials throughout for a sensuous and refined feel. For a personal touch, you can choose from four colour combinations to customise your interior. No more boring dashboards! The colour options feature accents throughout the cockpit including finely tailored contrast stitching on the steering wheel and seats – and if you like, you can even choose colourful seat belts*.

* Available only in combination with red and lime interior accent options.

Design.

Confident and unique, the all-new KONA has been designed to turn heads – and to raise pulses. The bold exterior design catches the eye with muscular sculpted shapes, sleek LED lighting and one-of-a-kind details that highlight the strong Hyundai SUV DNA at its core.

LED rear lamps
Two-tone exterior mirrors with LED indicator

Sporty silver side sill

18" alloy wheels

Technology.

The all-new KONA provides you with the seamless connectivity you expect and innovative tech that makes life easier – like a head-up display, wireless charging for your phone and a high mounted floating touch screen for better visibility and easy access.

Wireless phone charging – Located in the centre console, a wireless charging pad (Qi standard) lets you easily charge a compatible Qi-enabled smartphone without the use of messy and unsightly cables.

Digital Information Cluster – Optimally placed and easy to read, a 4.2" LCD screen shows you important driver information like: the status of active safety features, remaining range and fuel consumption, navigation instructions, outside temperature and more.

Hyundai SmartSense

With Hyundai SmartSense, our cutting-edge Advanced Driver Assistance Systems, KONA is leading the segment with the latest active safety technology – built to provide you with more safety and peace of mind. From automatically braking to avoid collisions, to detecting vehicles in the blind spot, KONA can alert you of potential dangers around you when driving.

The all-new KONA benefits from superior rigidity through the use of advanced high strength steel and high impact energy absorption that protects passengers in the event of a collision. The structure of the cabin is designed to disperse energy in the event of a collision, therefore reducing impact to occupants.

Engines and Transmissions

Forward Collision-Avoidance Assist (FCA) with pedestrian detection The FCA system uses the front mounted camera and the radar sensor to monitor the traffic ahead. Should it detect a potential collision with a vehicle in front or with a pedestrian, it will warn the driver and if required, automatically slow or stop the vehicle.

Lane Keeping Assist (LKA) The standard LKA uses the front camera to monitor the lines of the road. In case of an unintended lane departure, it will warn the driver and can apply counter steering torque to guide the car back to the lane.

Blind Spot Collision Warning with Lane Change Assist Using 2 radar sensors in the lower rear bumper, the system visually warns you of traffic in the blind spot area. Should you set the turn indicator in such a situation, the Lane Change Assist will sound an acoustic alert.

Full LED Lighting Technology High Beam Assist detects oncoming vehicles as well as vehicles in the same lane ahead at night, and changes from high beam to low beam as appropriate. The Static Bending Light illuminates the front side area ahead when cornering, improving visibility at night.

Rear-Cross Traffic Collision Warning (RCCW) When reversing out of a narrow parking space, the Rear-Cross Traffic Collision Warning reduces the risk of a collision. Using 2 radar sensors at the rear, it warns you in case of any approaching cross traffic.

Driver Attention Warning (DAW) This standard feature raises safety and convenience to an entirely new level by continuously monitoring and analysing driving patterns. When a pattern of fatigue or distraction is identified, DAW gets the driver's attention with an audible alert and pop-up message suggesting a break.

With you all the way

Driving your new Kona away from the showroom is just the start of a long and happy relationship. We've prepared a number of programmes to make sure it stays that way.

Hyundai Genuine Accessories

Nothing fits better than a Hyundai Genuine Accessory. Designed and engineered to enhance the looks and capabilities of your KONA, and meet the rigorous manufacturing standards demanded of all Hyundai products.

5 Year Unlimited Mileage Warranty

Living proof of our faith and trust in our products is our 5-year new vehicle warranty which comes without any mileage restrictions.

Waxoyl

Motors Inc. recommends a full Waxoyl package on all newly acquired models. This package consists of 120-4 Cavity Protector, Underbody Protector, Motor Care Engine Protection, UPT Fabric Protector and 100+ paint sealant effectively giving you a 12-year anti-perforation warranty on your new car.

Waxoyl complements the manufacturer's warranty and will help to maintain the new look of your car for many years to come, thus protecting your investment and enhancing its future resale value.

Hyundai SmartSense

The Hyundai 5 Year Unlimited Mileage Warranty applies only to Hyundai vehicles that have been originally sold by an authorized Hyundai dealer to an end-customer, as set out in the terms and conditions of the warranty booklet.

All the information contained in this brochure is provisional and subject to change without notice and is intended only as preliminary notification. Possible variations in the representation of vehicle colours are due to the limitations of printing technology. The products shown correspond to the offer and the range of equipment for European markets. The vehicles shown in this brochure may be equipped with additional equipment at extra cost, and not all model versions are included in this brochure. Hyundai Motor Europe reserves the right to make changes to technical specifications and equipment content without notice. Please consult your Hyundai dealer for exact details.
