

## With you all the way

Driving your new Tucson away from the showroom is just the start of a long and happy relationship. We've prepared a number of programmes to make sure it stays that way.

### Hyundai Genuine Accessories

Nothing fits better than a Hyundai Genuine Accessory. Designed and engineered to enhance the looks and capabilities of your Tucson, and meet the rigorous manufacturing standards demanded of all Hyundai products.

### 5 Year Unlimited Mileage Warranty

Living proof of our faith and trust in our products is our 5-year new vehicle warranty which comes without any mileage restrictions.

### Waxoyl

Motors Inc. recommends a full Waxoyl package on all newly acquired models. This package consists of 120-4 Cavity Protector, Underbody Protector, Motor Care Engine Protection, UPT Fabric Protector and 100+ paint sealant effectively giving you a 12-year anti-perforation warranty on your new car.

Waxoyl complements the manufacturer's warranty and will help to maintain the new look of your car for many years to come, thus protecting your investment and enhancing its future resale value.

The Hyundai 5 Year Unlimited Mileage Warranty applies only to Hyundai vehicles that have been originally sold by an authorized Hyundai dealer to an end-customer, as set out in the terms and conditions of the warranty booklet.

All the information contained in this brochure is provisional and subject to change without notice and is intended only as preliminary notification. Possible variations in the representation of vehicle colours are due to the limitations of printing technology. The products shown correspond to the offer and the range of equipment for European markets. The vehicles shown in this brochure may be equipped with additional equipment at extra cost, and not all model versions are included in this brochure. Hyundai Motor Europe reserves the right to make changes to technical specifications and equipment content without notice. Please consult your Hyundai dealer for exact details.

# Dedicated to everyone who's dedicated.

Life is a journey. Sometimes the road less travelled. Sometimes the morning commute. Getting there is half the fun – and most of the work sometimes. Because let's face it: when it comes right down to it, there's a secret to success: hard work works. Like the Tucson: through hard work and innovation, Hyundai successfully created one of world's best-selling SUVs – designed and built in Europe. Combining a refreshed, bolder design with loads of new smart tech and the latest advanced driver assistance systems, the New Tucson continues to define a higher standard as standard.

## A bold new look.

Sleek and powerful, the New Tucson's bolder, re-freshed exterior design strikes a stylish balance between form and function. The flowing surfaces also make a distinctive and elegant statement.

# Distinctive design details.

Featuring a wide range of bold new design elements, the New Tucson's facelift will have heads turning.

Now featuring Hyundai's signature Cascading Grille

New Bi-LED headlamps with Smart High Beam assist

New rear LED combination lamps  
New twin chrome tailpipe tips

Redesigned rear bumper and new LED combination lamps

# Hyundai SmartSense

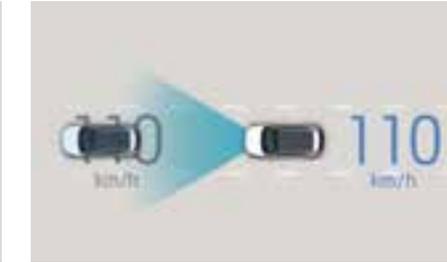

With Hyundai SmartSense, our cutting-edge Advanced Driver Assistance Systems, the New Tucson has been updated with the latest active safety technology and driving assistance features – built to provide you with more security and peace of mind. From automatic braking to avoid collisions and keeping you in your lane, to detecting vehicles in the blind spot, it can alert you of potential dangers when driving.

**Forward Collision-Avoidance Assist (FCA) with pedestrian detection.** The FCA system uses the front mounted camera and the radar sensor to monitor the traffic ahead. Should it detect a potential collision with a vehicle in front or with a pedestrian, it will warn the driver and if required, automatically slow or stop the vehicle.

**Lane Keeping Assist (LKA).** The standard LKA uses the front camera to monitor the lines of the road. In case of an unintended lane departure, it will warn the driver and can apply counter steering torque to guide the car back to the lane.

**Advanced Smart Cruise Control (ASCC) with Stop & Go function.** Using front radar sensors, Advanced Smart Cruise Control with Stop & Go function keeps a constant speed and distance from the vehicle ahead by automatically accelerating and braking. If traffic comes to a halt, the Stop & Go system applies the brake until the car comes to a standstill and accelerates to the desired speed as soon as the road is clear.

**Blind Spot Collision Warning (BSCW) with Lane Change Assist (LCA).** Using 2 radar sensors in the lower rear bumper, the system visually warns you of traffic in the blind spot area. Should you set the turn indicator in such a situation, the Lane Change Assist will sound an acoustic alert.

**Full LED Lighting Technology.** High Beam Assist detects oncoming vehicles as well as vehicles in the same lane ahead at night, and changes from high beam to low beam as appropriate. The Static Bending Light illuminates the front side area ahead when cornering, improving visibility at night.

**Rear-Cross Traffic Collision Warning (RCCW).** When reversing out of a narrow parking space, the Rear-Cross Traffic Collision Warning reduces the risk of a collision. Using 2 radar sensors at the rear, it warns you in case of any approaching cross traffic.

**Intelligent Speed Limit Warning (ISLW).** The Intelligent Speed Limit Warning uses the front camera and information from the navigation system to identify road speed signs and displays the speed limit and no-passing signs in real time. The information is displayed in both the navigation system display and the TFT cluster.

**Driver Attention Warning (DAW).** This standard feature raises safety and convenience to an entirely new level by continuously monitoring and analysing driving patterns. When a pattern of fatigue or distraction is identified, DAW gets the driver's attention with an audible alert and pop-up message suggesting a break.

# Crafted for convenience.

The New Tucson offers an expanded range of clever features that provide more comfort and convenience for everyone on board. Enjoy finger-tip control with the electronic parking brake – which also frees up space in the centre console for the wireless smartphone charging pad. For easier and safer parking, the Surround View Monitor gives you 360° visibility. The navigation system features 3D maps and a free five-year subscription to LIVE services offering real-time weather information, traffic updates and speed cameras – where legally allowed – so you can stay on course and up-to-date.

Electronic parking brake

# Space to explore.

Sit back and relax, the New Tucson's comfortable cabin is also extremely spacious – offering plenty of space for five adults. And the wide-opening panoramic sunroof makes it feel even roomier. You'll be happy to know that when you're out seeing more of the world, the New Tucson offers an ample amount of trunk volume of 513 litres – so you can take everything you need with you. The variable load space is also simple to adjust – the 60/40 rear seats can be folded flat in seconds to accommodate passengers and longer items. With the rear reclining seats folded flat, you have 1,503 litres of space to fill with anything and everything you need.

The 60:40 split rear seats fold flat in seconds for maximum flexibility.

# Interior design highlights.

An impressive blend of exceptional roominess and comfort, the attention to detail makes the New Tucson interior so special.

**8" Floating touch-screen** – One of the big changes inside the cockpit of the New Tucson is the seamless 8" touch-screen. Perfectly positioned for easy interaction, it floats above the dashboard. This design allows multimedia information to be displayed higher and nearer your line-of-sight. Enjoy quick access to the infotainment and navigation system, Apple CarPlay™ and Android Auto™ as well as a free five-year subscription to LIVE Services.

Apple CarPlay™ is a registered trademark of Apple Inc. Android Auto™ is a registered trademark of Google Inc.

**Tailored leather stitching** – Depending on the trim level, supple leather with accent stitching covers many of the interior surfaces for a refined and tailored atmosphere.

# Clever and convenient.

Redesigned with even more of today's smart tech, the New Tucson is equipped with an abundance of clever features to make every journey even more relaxed.

**Supervision cluster** – Optimally placed and easy to read, the supervision cluster with its 4.2" colour LCD screen shows important driver information like: the status of active safety features, remaining range, fuel consumption, navigation instructions, outside temperature and more.

**Surround View Monitor** – Nice and easy. The Surround View Monitor in the New Tucson helps make manoeuvring in confined spaces easier and safer. Through a series of strategically located cameras, this advanced safety feature provides you a 360° view of the area surrounding the vehicle so you can see exactly what you're doing.

# Connected for a better experience.

The New Tucson has been reengineered to provide you with even more of the seamless connectivity you expect. It is equipped with the latest innovative tech that adds to your driving experience without interfering with it. Like the new 7" Display Audio touch-screen that puts everything at your fingertips with Apple CarPlay™ and Android Auto™. Just connect your smart phone to have your favourite apps right up on the big screen. You can then use voice control commands to take calls, send and receive messages, and listen to music on the premium sound system from KRELL. 10 high-end speakers and an external amplifier treat everyone on board to a very special surround sound experience.
